RULES

Each club is designated by his national federation. The federation can designate only one club. Exception is made for the organizing country which can be represented by two clubs. The club which host the race is automatically qualified and the federation can designate a second club.

Each athlete can compete in only one category. 2 boats per category are required.

Two races are organized : the first on Saturday and the second on Sunday.

At the end of each race, a number of points is assigned to the competitors depending of their rank. The point calculation is as the same as the one made in the world cup. The ranking is made by addition of the points of the two races.

Three ranking are set up :

Kayak ranking : K1 W + K1 M

Canoe ranking : C1 + C2

General ranking : K1 W + K1 M + C1 + C2
